**CENTRE DE RECHERCHE DE LA NATURE,
DES FORETS ET DU BOIS**

To Whom it may concern

This is to confirm that the CENTRE DE RECHERCHE DE LA NATURE, DES FORETS ET DU BOIS, Gembloux, Belgium, is interested in supporting IBISCA in the future to enforce the understanding of the spatial and vertical distribution of forest canopy biodiversity and its relation to ecosystem services and processes.

Yours sincerely,

Dr. Marc Dufrêne
Research coordinator
