

MINISTÉRIO DA EDUCAÇÃO E DO DESPORTO  
Universidade Federal de Ouro Preto  
Instituto de Ciências Exatas e Biológicas - ICEB

Ouro Preto, 11 October 2005

To whom it may concern:

This is to certify that the Lab. of Evolutionary Ecology of Canopy Insects, and the Training Programme in Canopy Ecology of the Federal University of Ouro Preto have great interest in supporting IBISCA in the future, as this important programme will significantly contribute to our understanding of the distribution of tropical biodiversity and its relation with ecosystem processes, and may help us to network our current research in Brazil at a larger scale.

Sérvio Pontes Ribeiro  
Lecturer in Ecology and Evolution  
Canopy Training Programme Director
